

# ELIXIR PROJECT

## SAMPLE INTERVIEW QUESTIONS

1. In 60 seconds, what is Elixir Project about?
2. You took a number of risks with this book. Why young adult fiction?
3. Tell us about the main character Sienna. And why did you write the book from a female's perspective?
4. In the book you talk about humans getting hacked. Is Elixir Project a type of metaphor for where our world is headed?
5. What's the cost for people getting their ideas and dreams hacked?
6. The book reveals the path to Unhackability...built around Idea, Focus, and Flow. Tell us more.
7. You've created a course called Elixir Project Experience. In 30 days it helps people experience Unhackability in work and life. How?
8. No author has ever blurred the lines between pure fiction and pure fact and written a book that integrates personal growth experiences in real time. First how did you do it? But then also why. Why create live events and programs around a fiction book?
9. Sounds like you've developed a way to discover how hackable we are, even providing us with a unique hackability score? Can we really tell if we're unhackable?
10. Where do you see this book going? (Trilogy? Movie?)
